

**Friend of the Rottweiler Rescue & Re-home** is a breed specific rescue programme giving Rottweiler's a second chance of finding their perfect forever home.

It is a platform to network the many Rottweiler's in our country that are in need of homes. Many of them are found unwanted in the local shelters, SPCA's, rescue centres as well as in their current homes (mostly in need of urgent relocation)

We believe that every dog deserves a second chance, we encourage the public, breeders and Rottweiler enthusiasts to make contact with our organisation should you know of any Rottweiler in need of re-homing, or a potential home that may be a candidate to adopt a Rottweiler from us.

In just over a year we have assisted in rehoming 150 Rottweiler's – ensuring responsible placement of this amazing breed.

Friend of the Rottweiler adoption terms and conditions apply – our standards are uncompromisingly high as only the best home will do for our black and tan's!
